

Q: I know that the Medicare Annual Enrollment is over, but my Medicare Advantage Plan is just not working for me. Do I have to wait until next Fall to change it?

A: It is correct that the Annual Enrollment Period (October 15 - December 7) has ended for 2013. You do still have some options, however, that may help you in your situation.

The Annual Disenrollment
Period takes place January 1
- February 14, 2014. During
the Disenrollment Period, you
can leave your current
Medicare Advantage plan
and switch to Original
Medicare.

If you switch to Original Medicare during this time, you'll have until February 14 to join a stand-alone Medicare Prescription Drug Plan if your Medicare Advantage plan included drug coverage. Your new drug coverage would begin the first day of the month

after the plan receives your enrollment form.

Some examples of what you cannot do during the Disenrollment Period include:

- Switching from Original Medicare to a Medicare Advantage Plan
- Switching from one Medicare Advantage Plan to another
- Switching from one Medicare Prescription Drug Plan to another
- Joining, switching, or

dropping a Medicare Medical Savings Account (MSA) Plan.
